# PRINTWEEK AWARDS 2026!

The annual PrintWeek Awards are fast approaching 5<sup>th</sup> March 2026, bringing together the UK print industry to celebrate excellence, innovation and achievement!

The programme recognises outstanding companies, teams and individuals for their quality of work, business performance, creativity, sustainability and leadership, with winners revealed at a prestigious gala attended by industry professionals.

**Good luck to everyone attending!**

# PRINT TRENDS SHAPING 2026

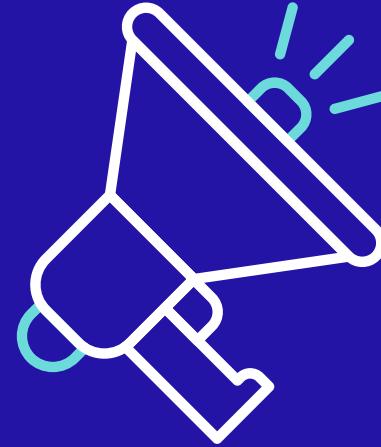

Print continues to grow and evolve in 2026, led by digital printing and print-on-demand. In the UK, print-on-demand is forecast to grow by around 23% from 2026-2033\*, driven by e-commerce, customisation, and short-run printing.

Sustainability remains a major focus, with eco-friendly printing growing at around 7% through 2030\*. Direct mail in particular, is benefiting from high recycling rates and increased use of recycled materials, while advances in data-driven targeting and personalisation are making it more effective than ever.
